**Subject:** Confidential - Draft Soil Results from Sewer Repair  
**Attachments:** 50223415\_frc\_Sewer Line Repair Soil Results\_April 2019.pdf; Draft Sewer Repair Soil Results Table.pdf

Carolyn,

Please see the attached draft soil analytical results from the sewer line repair completed a few weeks ago. As you can see, only one sample had a COC concentration slightly over the most stringent screening level (MTG), however, no concentrations were in excess of the Site-Specific Re-Calculated MTG screening level.

Please keep in mind that these results have yet to be validated.

Let me know if you have any questions.

Thank you,  
Chris
